SENT TO THE PENITENTIARY.

T. M. Angle, who was convicted four years ago in the federal court at Greensboro, N. C., for defrauding the government out of \$100,000 in taxes, was sent to the penitentiary at Atlanta last night, to begin the sentence of one year and a day. He is also required to pay a fine of \$1,000.

Angle was convicted in 1894, together with B. F. Sprinkle and William Young, for violations of the internal revenue laws in connection with their rectifying plants of Rensselaire, Milton, and Oak Grove. Angle was fined \$1,000 and sentenced to the penitentiary for one year and a day. Sprinkle was given two years and fined \$5,000. Young was fined \$1,000 and given six months in jail.

The evidence showed that they bought stamps from revenue collectors in Indiana, Illinois and Kentucky for spirits 10 proof. On their rectifier's book and gauger's book they would enter stamps for spirits 190 proof and make demands on the collector's office in the Greensboro district for stamps according to the erroneous entries. The gauger was bribed to make the false entries, and A. J. Davis, the gauger in charge, was tried, convicted, and sentenced to eighteen months in the penitentiary and fined \$1,000.

The Angle case has been argued four times before the circuit court of appeals and the United States Supreme Court, and was last month remanded to the original court for the execution of the sentence.

Last April, Angle was convicted at Danville, Va., for violations of the revenue laws in connection with his Dry Forks distillery, and sentenced for four years and fined \$15,000. He served notice of appeal.

PHYSICIAN POISONED.

Cyanide of potassium, which had been placed in ale sent him for the purpose and which he sipped shortly before he was stricken, caused the death of Dr. William H. Wilson, of Philadelphia, last Friday, it was established yesterday by the coroner's office and the police. The bottle had been sent by express to the physician's house, three days before he opened it, by a man and a woman, the police assert, who, actuated by motives of revenge and hatred, deliberately plotted to destroy the doctor, his wife and their pretty five-year-old daughter, Vera.

Dr. Wilson had been previously sent a fraudulent circular, purporting to be signed by a well-known Philadelphia brewing firm, in which it was stated that a bottle of ale, valuable for medicinal properties, had been forwarded to him, as well as to other members of his profession, in the hope that they might prescribe it to their patients.

The police and coroner's office have ascertained that the brewing company whose name was used by the plot does not brew ale, and does not use the form of circular received by the doctor. The name of the brewing firm was printed on the sheet and a typewriter used to fill in the letter.

The police say that they have located the boy who delivered the bottle at Dr. Wilson's house and the express office which it was sent from. They have also a good description of the man and woman who left the bottle at the express office.

DIVORCED FIVE TIMES.

Because it is to the interest of the public that she should no longer have the right to remarry, Mrs. Hannah Begie, five times married and five times divorced champion grass widow of Minnesota, has reached the end of her matrimonial rope. In an order filed Saturday Judge F. O. Brooks, of the Hennepin county district court, granted Mrs. Begie a divorce from her fifth husband, but the divorce is limited and the right to remarry is denied her.

In his findings Judge Brooks holds that a decree of limited divorce will grant Mrs. Begie every right which she would acquire from an absolute separation, "except only the right to marry, the further exercise of which," says Judge Brooks, "would not be likely to prove beneficial either to her or the public."

Mrs. Begie is 42 years old and she did not begin her matrimonial career until she was 26 years old. In sixteen years she has been led to the altar five times and in fourteen years she has been divorced five times.

Sore Nipples.
Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by W. F. Creighton & Co. and Richard Gibson.

The Philadelphia Record.

(The pioneer one-cent newspaper of America)
The democratic convention will meet at Denver to nominate the candidate for president. With the republican candidate already chosen, the campaign will shortly begin in earnest. Naturally, on the part of the unbiased newspaper reader, the spectator of this stirring political drama, regardless of his political faith, to have a complete view of the stage; a thing that "The Philadelphia Record" enables every reader to have. The Record is a democratic newspaper and it speaks well for its independence and reliability that in a republican stronghold it enjoys the confidence of a large republican clientele in addition to its thousands of democratic subscribers. This year the completeness and reliability of the campaign will be fully up to the mark.
